Benefits

- Fully closed hygienic pallet design in Euro dimensions
- Perfect combination of mechanical performance and hygiene requirements
- Sustainable alternative through the use of recycled material for non-food contact applications
- Totally smooth, sealed surfaces to prevent the accumulation of dirt and dust
- Optimized for seamless integration with automated warehouses
- Special angles in corners for easy stretch wrapping
- Reusable pallet made of recycled plastic and 100% recyclable

Options

- Safety rims
- Anti-slip strips on deck, under deck and under blocks
- RFID transponders and other IoT options
- Specific colors on request
- Individual marking and labeling
- ESD: anti-static and conductive
- Also available made out of food-grade PE
