

Eco i7.1

1200 x 1000

Plastic pallet for loads up to 1000 kg in the high rack

The Eco i7.1 stands out as a low-cost and reliable load carrier in euro dimensions. It is made from recycled HDPE, and thanks to its stable skid construction, it is well suited for automated conveying systems and high-rack storage.

Bottom support

> 5 runners (5R)

Deck options

> open deck (OD)

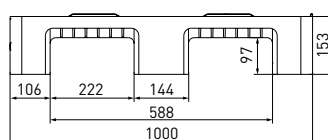

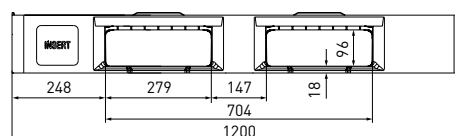

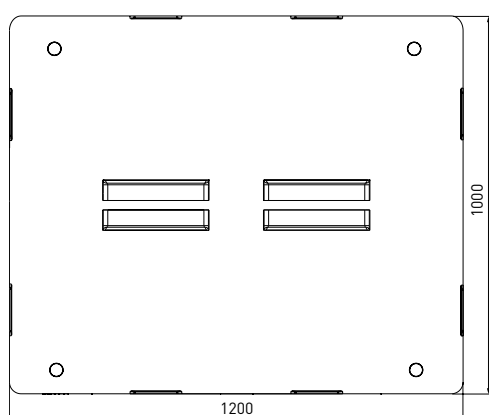

Rounded edges protect the pallet from damage.

- Color: [other colors on request*³] ➤ Individual marking*³
- Anti-slip: safety rim, grommets on deck, under deck and under skids
- ESD prevention: –

*¹ Figures can vary depending on the raw material used and options applied. *² Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *³ Minimum quantity required - PO pallets should only be used and stored in a dry environment. We reserve the right to change any of the stated information without prior notice.
