

Endur E7.1

1200 x 800

Robust plastic pallet for high circulation rates

Made from recycled HDPE, the Endur E7.1 is ideal for applications with high circulation rates in open and closed pools. Its robustness and resistance to chemicals set it apart. The pallet is also available with 9 feet.

Bottom support

> 9 feet (9F) on request

> 3 runners (3R)

Deck options

> open deck (OD)

Different height profiles lend the pallet optimal flexural strength.

Options

- Color: [other colors on request*3] > Individual marking*3
- Anti-slip: safety rim, grommets on deck, under deck and under skids
- ESD prevention: –

*1 Figures can vary depending on the raw material used and options applied. *2 Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *3 Minimum quantity required - PO pallets should only be used and stored in a dry environment. We reserve the right to change any of the stated information without prior notice.
